

Safeguarding and Welfare Requirement: Staff Qualifications, Training, Support and Skills

All regular staff have a current paediatric first aid certificate.

(Registered charity number 10360990)

3.2 First Aid Policy

Policy statement

We are able to take action to apply first aid treatment in the event of an accident involving a child or adult. At least one adult with a current first aid certificate is on the premises, or on an outing, at any one time. The first aid qualification includes first aid training for infants and young children. We aim to ensure that first aid training is local authority approved and is relevant to adults caring for young children.

Procedures

The first aid kit

Our first aid kit is accessible at all times, complies with the Health and Safety (First Aid) Regulations 1981.

The following equipment is kept near to the first aid box:

- A box of disposable plastic (PVC or vinyl) gloves.
 - Plastic disposable aprons.
 - A thermometer.
 - An icepack is kept in the refrigerator.
-
- Information about who has completed first aid training and the location of the first aid box is provided to all our staff and volunteers.
 - The first aid box is easily accessible to adults and is kept out of the reach of children.
 - A member of St John's C of E School Nursery team checks and replenishes the first aid box contents; we inform them if we use any items.
 - Medication is only administered in line with our Administering Medicines policy.
 - In the case of minor injury or accidents, first aid treatment is given by a qualified first aider.

- In the event of minor injuries or accidents, we normally inform parents when they collect their child, unless the child is unduly upset or we have concerns about the injury. In which case we will contact the child's parents for clarification of what they would like to do, i.e. whether they wish to collect the child and/or take them to their own GP.
- An ambulance is called for children requiring emergency treatment. We contact parents immediately and inform them of what has happened and where their child has been taken.
- Parents sign a consent form at registration allowing a member of staff to take their child to the nearest Accident and Emergency unit to be examined, treated or admitted as necessary on the understanding that they have been informed and are on their way to the hospital.
- Accidents and injuries are recorded in our accident record book and, where applicable, notified to the Health and Safety Executive, Ofsted and/or local child protection agencies in line with our Recording and Reporting of Accident and Incidents Policy.
